On 26 and 27 October 2018 the partners of the Project DREAM - Developing a Respectful Europe Against RoMa discriminations and social exclusion (601619-CITIZ-1-2018-1-IT-CITIZ-CIV) will meet in Isernia (Italy) for the first time to discuss on Roma social exclusion and integration possibilities, and share international good practices.

The DREAM project aims, through the creation of a European network of local associations and a municipality, at reflecting on contemporary forms of socio-cultural exclusion and stigmatization of Roma and Sinti ethnic minority groups in Europe, realising concrete action to promote social inclusion and fight professional and social exclusion by:

- Exchanging good practices in all the partner countries, to foster Roma socio-cultural inclusion and to fight marginality suffered by them.
